Are you annoyed by litter spoiling your piece of paradise?

Are you concerned about plastic bags in the ocean killing innocent wildlife?

And those pelicans and bats that get strangled by fishing lines?

Does it worry you that our landfills will be full by 2014,  
if we do nothing about it now?

## Get Involved!

The Noosa Integrated Catchment Association (NICA) is inviting you to participate in *Keep Our Biosphere Beautiful 2010*, funded by the Sunshine Coast Regional Council.

### Goal

Engage local communities to substantially reduce the amount of litter entering the Noosa River and marine environment, keeping the Noosa Biosphere Reserve beautiful.

### What do we do?

- Litter and stormwater education
- Community partnerships for litter prevention
- Public participation in waterway and marine clean ups

## What can you do?

If you are already **active in waste education, litter prevention and clean ups:**

- Tell us about it. We'd love to support champions like you.

If you are a **community group leader / member:**

- Encourage your members to become *Keep our Biosphere Beautiful Ambassadors* – help us educate, reduce litter and improve recycling at community events, or take part in clean up events.

If you are an **event organizer or retailer:**

- We can help you make your event or operation more waste-wise. How about hosting a *Say No to Plastic Bags, BYO Bags* campaign?

If you are a **frequent waterway users, fishermen or scuba diver:**

- Come lend a hand and have fun at our waterway and marine cleanups.
- Adopt one of our Fishing Line Recovery Bin and look after it.
- Become a volunteer river ranger or Fishcarer.
- Find out about our emerging River to Reef activity group.

If you are into **street theatre, song writing or film making:**

- Be a *Butt Hunter*, get the “*Butt It, then Bin It*” message out to smokers. How about starting up a gang of *Litter Busters*, get people to “*Do the Right Thing*”?
- Write a song or make a short film about litter in our beloved Biosphere. You may be able to show off your talent!

If you are a **school principal, teacher or student:**

- Talk to our Education Officer or go to [www.noosariver.com.au/wastewise](http://www.noosariver.com.au/wastewise)

If you just want to **have your say:**

- Report litter hotspots to us, don't forget the cigarette butts!
